REPORT GERMAN SOLDIERS DISCONTENTED

Rank and File of Troops Long for Peace According to Canadian Dispatches.

Canadian Headquarters in France, Oct. 1.—By Canadian Press.—Reports that the rank and file of the enemy troops have a great longing for peace is confirmed by every prisoner captured. One of their chief grievances is the failure of their higher officers to take risks. Even company commanders freely depute to the under officers their duty while in the trenches, and remain well back from the front. This is so different from the relations between our officers and men that it is freshly impressed on the minds of the Germans on every occasion when there is hand-to-hand fighting in which our officers invariably lead their men while the German officers seldom do so. They are not actually obeying orders in this hanging back. Very great losses of the German officer class early in the war may have made it necessary to conserve their leaders. Whatever is the reason for their failure to take risks as great as those to which their men are subjected, the latter are deeply discontented.

SECRETARY BAKER WILL VISIT CAMPS

No Serious Shortage of Rifles.

Washington, Oct. 1.—Altho Secretary Baker has not decided upon a definite schedule for his visit to National Guard camps and National Army cantonments, he expects to go to Petersburg, Va., and Charlotte, N. C., at an early date. Mr. Baker reiterated that there is no serious shortage of rifles for the troops. For the expeditionary force in France, five Springfield rifles per man have been provided and the ammunition store being assembled is so great that the secretary believes there is no ground for fear that interruption of the transport lines for a time would create embarrassment. With the output of re-chambered Enfield rifles increasing daily, Mr. Baker said the time is not far distant when all troops under training in this country will be equipped with modern rifles.

GERMANS LAUNCH ANOTHER AIR ATTACK

Four Groups of Hostile Planes Attempt to Raid London

A Few Machines Succeeded in Bombarding Southwestern District—Bomb Coast Towns as They Pass Over—Theatres Continue Performance Despite Raids.

London, Oct. 1.—The strongest air attack yet attempted on London and the coast towns by the Germans was carried out tonight by four groups of hostile airplanes. Some of the machines got thru to London and bombarded the southwestern district. A terrific barrage was sent up from the defense guns and the roar of battle lasted intermittently for two and a half hours.

The Germans bombed coast towns as they passed over and proceeded toward London. Two of the group succeeded in getting a number of machines thru the sky barrage. Numerous bombs were dropped on the southwestern district which is thickly populated with the homes of the upper and middle classes. The fire from the defending guns was longer and louder than ever before. A rain of shrapnel fell in all sections of the town and the streets were virtually deserted save for a few police.

UNION SERVICE AT NORTHMINSTER

Members of Co-Operating Churches Heard Eloquent Sermon by Dr. Emmet—Union Prayer Service on Wednesday.

At Northminster church Sunday evening the union service was held by the churches that will co-operate in the union revival. Rev. W. E. Spoons presided and the ministers from all the co-operating churches had some part in the service. Dr. E. H. Emmet of the Hanly-Fisher evangelistic organization, delivered a very strong sermon, using as his theme, "The Master is come and he calleth for thee." The minister outlined the three-fold purpose of the Master's coming to give life, to bestow liberty and to call men to service. The illustrations which were of a very telling kind, were drawn from his own experience. The close attention of the audience was held thruout the sermon. Those who attended thought of this meeting as auguring well for the success of the success of the campaign which is to begin next Sunday evening.

The construction of a large choir platform is now under way at Grace church in accordance with the plans made by Joshua Vasconcellos. The platform will provide ample room for the great choir which has been enlisted.

Tomorrow evening at 6:30 at Century church a luncheon will be served which the pastors are to attend. At 7:30 in the auditorium the co-operating churches will have a union meeting. Miss Mary A. Robertson of the evangelistic party will be present to meet superintendents, captains and leaders of the neighborhood prayer meetings.

MISS BEEBE EXPLAINS REGISTRATION WORK.

Miss Beebe, one of the state organizers for the woman's committee of the council of defense, Illinois division, is making a brief visit in Morgan county to assist in the organization work. Last night Miss Beebe, accompanied by Miss Elson Barnes, went to Chapin and at the Christian church addressed the women of Chapin, Lyndville, Markham and Concord. Miss Beebe explained the work in a careful and interesting way and to make the work clearer went thru the registration questions and answers with Mrs. F. P. McKinney of Chapin, Mrs. W. W. Anderson, presided during the meeting.

After Miss Beebe's address Miss Elson Barnes, county registrar, spoke briefly on the general registration plans. Miss Beebe was in Meredosia Sunday night and addressed a joint meeting of the Lutheran and Methodist churches there. This afternoon she will be present at a meeting of the Orleans County club at the home of Mrs. Benjamin Lorton, and tomorrow she will be in Petersburg and Thursday in Carrollton.

More than a dozen women were present Monday afternoon at the public library to attend the meeting of registrars called by Miss Barnes for instruction purposes. It is Miss Barnes' purpose to conduct one of these meetings Monday and Wednesday afternoons during the month of October in order that all those who are to assist in the registration work may become thoroughly conversant with their duties.

WAR NEWS SUMMARIZED

The almost complete silence that for four days has surrounded operations of the British armies in France and Belgium continues. Aside from the announcement in the official reports and these are meagre to a degree—nothing has been permitted to pass thru the censorship which would indicate what Field Marshal Haig has in immediate view.

Along the coast in Belgium and around Ypres extremely heavy reciprocal bombardments are taking place. Nothing is contained in either British or German communications to show that the troops of either side have left their trenches.

Along both sides of the Meuse river in the Verdun sector the French and the Germans are expected in another terrific duel. Twice the Germans launched infantry attacks in an effort to capture positions but were stopped short by French fire.

While in England the demands of the people for reprisals against Germany for air attacks on open towns continue to grow in volume the French fliers have avenged themselves for a raid on Bar Le Duc by heavily bombing the German town of Stuttgart from the air. Both British and French fliers are keeping up their excursions over German positions in Belgium and northern France, blowing up rail stations and military works. The German submarine base at Zeebrugge and the airdrome at St. Donis-Westrom again have come in for bombings. Daily numerous flights in the air are taking place in which the casualties on all sides are heavy.

STOP SHIPMENTS OF COAL TO CANADA

Will Divert Fuel to Meet Shortage in Northwest

Administrator Garfield Orders Shipments Across Border from American Lake Ports to Cease—Shortage of Fuel in Northwestern States Becoming Serious.

Washington, Oct. 1.—All shipments of coal into Canada from American lake ports were ordered stopped tonight by Fuel Administrator Garfield to divert coal from these ports to meet fuel shortage in the northwest.

The order also directs that producers shall fulfill contracts for delivery of coal to Lake Erie ports for transshipment, directs all handling agencies to expedite shipments and forbids the reconsignment of such coal to any points either in the United States or Canada other than the northwest.

Dr. Garfield thus brought to an abrupt end a situation that for weeks has been drawing bitter protests from the northwestern states. The coal shortage there is acute and will become far more serious unless the supply flows steadily from now until lake navigation closes about two months hence.

REWARD IS OFFERED FOR ALL DELINQUENTS

Government Gives Plain Definition of Desertion—Sharp Penalties for Those Who Ignore Board Orders.

Miller Weir, chairman of the local exemption board, received last night the telegram quoted below. A reading of this telegram makes it very clear that the government will brook no carelessness from men about the matter of appearing for examination. A man who fails to comply with any local board order is immediately classed as a deserter and the government offers reward for his apprehension. The order is in language as follows:

Morgan County Exemption Bd., Jacksonville, Ill.

The following telegram is repeated for your information and guidance. "A reward of fifty dollars is payable for the delivery at the nearest army camp or post of a deserter. This reward is in full satisfaction of all expenses incurred in said delivery. A person who fails to report to his local board for military service at the time specified in his order to report is a deserter. A person who fails to report for military service to the adjutant general of the state by the date specified in the order of the adjutant general to said person is a deserter. It is highly desirable from every standpoint that an effort now be made to round up persons who are delinquent in reporting for military service. It is thought that if the fact of reward is given the widest publicity we shall have a great force of police officers and even of individuals interested in bringing such delinquents under military control. If, after such persons are brought to a military authority, it appears to the military authority that their delinquency is not willful, they will be forwarded to a mobilization camp and their local board will be given credit. If it appears that the delinquency was willful they will be prosecuted before court-martial as deserters. In either case this reward is payable. Adjutant General.

CLAIMS MEXICANS ILLEGALLY DRAFTED

Mexican Consul General at New York Makes Vigorous Objection.

New York, Oct. 1.—More than 100 Mexicans have been illegally drafted for service in the National Army by boards in this city and many subjects of Mexico are being selected here to prevent arrest by military authorities according to Juan T. Burns, Mexican consul general, who tonight declared he would "go to any extreme to protect the rights of Mexicans residing here."

Knowing his official status members of the local draft boards certified for service Viscount Jesus Martinez, the consul stated. He said he did not know what his country proposed doing thru diplomatic channels in reference to the impression of Mexican subjects into the service of the United States, but decided he felt obliged to protest against "this arbitrary action committed in a most absurd way."

"Mexican citizens have been forced into the army here without regard to their nationality," said Mr. Burns. "The men in charge of the local draft boards show such stupidity and such ignorance of the rights of men, that they can only be compared to the savage hordes of Villa in our internal struggle, who acted without consideration of other human rights or the legal rights of the citizens."

HOUSE ADOPTS CONFERENCE REPORT

War Bill to Be Taken Up in the Senate Today

Leaders Confident That Report Will Be Adopted in Its Present Form—No Opposition Appears in House.

Washington, Oct. 1.—The conference report on the war bill was adopted by the house today without a roll call. It will be taken up in the senate tomorrow.

Tomorrow Senator Simmons will call up the report in the senate and he expects it to be adopted not later than Wednesday. Senator Smoot and others have indicated that they will make a fight on certain features of the report but it is not believed they can send it back to conference. So confident are leaders that the report will be adopted in its present form that Democratic Leader Kitchin tonight advised Democrats that they were at liberty to go to their homes at will. He expects the session to end within a week or ten days.

Virtually no opposition to the report appeared in the house today during the four hours it was under discussion. Mr. Kitchin explained all of its provisions at length, enumerating particularly the points on which the house won in conference.

Representative Cooper of Wisconsin roundly criticized the increase in second class mail rates; Representative Green of Iowa, insisted that the bill should have been at least \$300,000,000 higher, a dozen others spoke, and the report was adopted. Opinions still differ as to the amount that the bill will raise. Mr. Kitchin estimated it at \$1,575,000,000 while treasury experts estimated it would be \$2,535,000,000 during the coming year and possibly \$2,588,000,000 a year when in full operation.

Official estimates as prepared by treasury experts differ materially from unofficial estimates previously published only in a few instances. Instead of \$500,000,000, the income tax total is placed at \$851,000,000; excess profits at one billion instead of \$1,110,000,000; tobacco at \$30,000,000 instead of \$24,000,000 and first class mail at \$70,000,000 instead of \$60,000,000.

Burns, of the United States district court, in charging the federal grand jury at the beginning of the October term late today after calling by name Senators Stone of Missouri, Hardwick of Georgia, Vandaman of Mississippi, Gronau of South Dakota, Gore of Oklahoma and LaFollette of Wisconsin, said:

"If I had a wish I would that you men had jurisdiction to return bills of indictment against these men. They ought to be tried promptly and fairly, and I believe this court could administer the law fairly; but I have a conviction as strong as life that this country should stand them up against an adobe wall tomorrow and give them what they deserve."

A HINT TO DRY.

"Dry" workers can find valuable suggestion in the incident which happened in New York recently when a thirteen year old lad entered a saloon displayed three sticks of dynamite he had just found. He asked the bartender if his find was worth anything and before the answer could be given every customer had disappeared beyond the swinging door. This method might prove effective for Mr. Danskin in his East St. Louis work.

SOLDIERS AND LIBERTY LOAN.

Officers and men in the army are to be given a chance to subscribe for the new issue of the Liberty loan and every post and station will be canvassed. The men should indeed have this opportunity if they are looking for investment, but they should not be urged for patriotic reasons. In the army service they are certainly doing their full share of patriotic work.

SMILES INSTEAD OF TEARS.

It is related that when soldiers of the 128th field artillery left St. Louis Sunday that a great crowd cheered them at the station and that tear-stained faces were few. Evidently the women of the country are quickly learning that there is an opportunity for showing real patriotism by controlling their feelings and sending their soldiers boys away with smiles even tho hearts seem near to breaking. There is, indeed, much in this gospel of the cheerful face, and American women must practice it more and more.

MEETING EMERGENCIES.

One purpose of the registration work to be carried on by women of Illinois is to find out whether there is need of the establishment of more training schools of one class and another in this state. If the need exists these schools will quickly be organized. In this connection it is interesting to note that various colleges and universities have established emergency war courses in telegraphy, wireless telegraphy, auto truck driving, horse shoeing and other practical lines of work.

Surely educational institutions of the country are determined to do their full share.

THE ARMY Y. M. C. A.

The Jacksonville Y. M. C. A. is soon to enter upon an active campaign for members. If the association could make its work as popular as that of the army Y. M. C. A. just now it would have not the least difficulty in securing all the funds that are desired. Since the war began the importance of the work done by the army Y. M. C. A. has vastly increased. The strongest kind of testimony is given by soldiers as to the importance and beneficence of this work. Every man in the service seems to appreciate the fact that the army Y. M. C. A. is doing a wonderful work.

FEWER COWS BUT DAIRY EXPORTS GROW.

People have been reading with consternation about the great depletion of the number of dairy cows in this country. Figures have been given to show that dairy cows have rapidly been following in the way of cattle consigned to the butcher because of high prices offered. But now come the figures to show that for the fiscal year recently closed the total excess of exports over imports of dairy products amounted to the butter fat production of 380,000 cows. Exports of cheese and condensed milk have risen to enormous figures. If dairy interests at home are in danger perhaps an embargo order will have to be placed on dairy products just as it has with good effect upon other commodities.

LINCOLN ON DISLOYALTY.

In connection with the unpatriotic utterances of Senator LaFollette, which have called forth such a volume of protest, nothing more appropriate has been made than this reference in the Globe emocrat:

"One can but recall Lincoln's words regarding Vallandigham's activities: 'Must I shoot the simple-minded soldiers boy who deserts, while I must not touch a hair of a wily agitator who induces him to desert?'"

It is generally known that the Wisconsin senator has not only acted in a traitorous way, made unpatriotic speeches, but has also had the affrontry to frank vast numbers of copies of these speeches thru the mails in effort to spread abroad the doctrine that he advocates—a course which at this time is unequivocally disloyal. The words of Lincoln, spoken more than fifty years ago, are tremendously applicable in this case.

DISCIPLINE AND REASON.

From Memphis Commercial-Appeal. Discipline is an art. It is an acquired art, it is true, and a most necessary one. In the army discipline is vital. An army in which discipline is not preserved with vigor is an army without weight, without force, without valor.

Young men of the army, flush with the vitality of youth and throbbing with the red blood of youth and health, are naturally spirited. Many have lived very much according to their personal inclinations. They are beginning a career that in the

days to come will mean much to them or will mean nothing.

The man who volunteers or who is drafted has the making or the marring of his future. His fate is in his own hands.

The first lesson that the young soldier must learn is that of self-denial. He must leave self at home. He must remember, above all things, that he is subservient to the commands of his superior officers.

He must not violate the rules and regulations of the corps, but he must obey them, and if he is the man we believe him to be, with the true courage of the soldier, he will help those who are weaker than he is to obey them.

Napoleon was said to be more severe with those he loved than with those he did not know. This was no doubt because he feared that he might be charged with favoritism. He ruled with a hand of iron. In reviewing the ranks the men ceased to possess personality. They were the pawns of France that he successfully moved on the checkerboard of Europe. Napoleon was great because of his absolute self-control and his control of all about him. With this great commander discipline came first and was above all other things in war.

WELL KNOWN SCOTT COUNTY RESIDENTS MARRY

Miss Maude Wright is Wife of Fred M. Walker—Red Cross to Have Banquet—Death of Edward Young Recorded—Winchester News Notes

Winchester, Illinois, October 1.—A pretty wedding occurred Sunday afternoon at four o'clock at the home of Mr. and Mrs. Clayton Wright, north of Winchester, when their daughter, Maude Esther became the bride of Fred Marshall Walker. The ceremony was performed by Elder Baxter Hale of Arzenville. The wedding march from Lohengrin was played by Miss Lillian Coultas. The bride and groom took their places on the porch where the ceremony was impressively spoken. The couple unattended stood beneath a large wedding bell from which ribbons were drawn to a background formed by ferns and ropes of asparagus entwined with white asters. The bride's gown was of white messaline, with drapery of all-over lace. She wore a veil held in place with a dainty wreath of orange blossoms and carried a shower bouquet of white dahlias.

After congratulations an excellent wedding supper was served in the dining room which was tastefully decorated in pink and white. The cutting of the bride's cake afforded the usual merriment, the bride receiving the darning needle, Miss Mary Katherine Collins the ring, Richard Mittendorf the thimble, and Miss Cordell Moore the dime.

The bride is one of the younger daughters of Mr. and Mrs. Wright. Her many accomplishments have won for her a large circle of friends. The groom is the son of Mr. and Mrs. Charles Walker, residing northwest of Winchester. He is one of the enterprising young farmers of this community and has many friends. The young people received many beautiful and useful gifts. They will make their home with the parents of the groom for the present.

The marriage of Mr. Otis Arendell of Manchester and Miss Ollie Hale of Springfield and Clarence Hyatt of Naples and Miss Bernice Todd of Chambersburg were performed Monday at the court house, Judge F. C. Funk officiating.

Edw. Young Dies

The death of Edward Young, son of Nathan Young, occurred Monday morning about six o'clock at his home northwest of Winchester. The funeral services will be held at Sandridge church at 11 o'clock Wednesday morning. Interment will be made at Glasgow cemetery. He is survived by the widow, one son and other relatives.

Banks of Kansas City and Louis Lowenstein of White Hall met with the Scott county commissioners and President George Vannier Monday at Winchester at which time the matter of getting a road thru from Bluffs to the river was up for advisement and decision. SCHOOL BOARD HELD

THE MONTHLY SESSION

Decide to Borrow Funds from Ayers National Bank — More Manual Training Equipment — Drinking Water to Have Attention.

The board of education met last night and transacted quite a lot of routine business. The board will borrow money of the Ayers National bank at 5 per cent this year; the drinking water question is to have attention; more manual training equipment is to be ordered; work on the open air school building is to be pushed to completion; a resolution was adopted in regard to teachers absenting themselves without written permission from proper authorities.

The Proceedings

The board met in regular session with all present except Member Muehlhausen, President Lippincott in the chair. Minutes of preceding meeting were read and approved.

Member Rogerson for the finance committee reported that the Elliott State bank would only furnish \$60,000 at the 4½% while some \$14,000 more of teachers' warrants were to be cared for and the committee had arranged with the Ayers National bank which would let the board have all money desired at 5%.

A long discussion followed this report. The chair was in doubt regarding the legality of the action and it would be hard to go before the public with such a report.

Member Rogerson said that the Ayers National was the only bank that would do what was desired and he thought they had done right in the matter. The action of the finance committee was approved.

Bills amounting to \$1,291.77 were approved and the payroll of \$7,090.64.

Member Hopper for the buildings and grounds committee reported all things in order except the water for drinking, regarding upon which Member Duncan would report. The manual training school needed three benches which the superintendent was ordered to buy at a cost of \$112.00. Bids were ordered on a quantity of engine oil needed.

Regarding drinking water, Member Duncan said they had submitted samples and that from the Franklin school was the only one pronounced safe. He had requested the state department to send an engineer or expert here and they had done so and the opinion of that gentleman was that deleterious matter found its way into the wells and cisterns from the surface owing to insufficient construction about the tops. The committee was instructed to have the matter remedied. At present the schools are being supplied with drinking water bought. Member Duncan said he had solicited bids from the Gravel Springs people and the Electro company. The former had furnished a bid in writing and the latter one over the telephone and both were the same so, as the Electro people had had more business last year than the other he had given the Gravel Springs the schools west of the square and the Electro people the schools east of the square. Later the Electro people had submitted a bid which was lower than the one they had given verbally. Some said in view of that fact all should be given to the Gravel Springs company but finally it was decided to let the present arrangement stand.

Considerable time was spent discussing the case of a parent who had a child who had been assigned to the open air school and who wanted her placed in the regular school.

Supt. Perrin explained at length that there seemed to be a prejudice against the open air school which was not warranted.

Supt. Perrin saw a regrettable circumstance regarding football practice had arisen. For many years the boys had practiced in Duncan park but this year had been refused. The reason given was that young grass had been started where they were playing; they would injure the concrete walks newly built and flowers and shrubbery were to be planted soon where the boys were playing.

The question was asked rather pointedly how it came that golf and various games were permitted in one park and not another. It was the expressed opinion of members that it was doubtful if a majority of the people contiguous to Duncan park would be unwilling to have the boys play there.

Supt. Perrin said he had secured a pasture west of Finley street and it was hoped that that would be satisfactory but there were cows were in the pasture. Finally the boys had been able to practice on the grounds at the State Hospital which were a good ways out but the best they could do at present. He hoped some better arrangement could be made in the future.

Supt. Perrin reported regarding the school exhibits at the state fair two first premiums, two seconds and

UNION MEETING

WELL ATTENDED

There was a good attendance of members at the Young People's union at Centenary church Sunday evening. A good representation was present from all of the churches and J. S. Findley was in charge. At the opening of the meeting Prof. Stearns presided at the organ. After the singing of "Come Thou Almighty King," and "Jesus Calls Us," by the congregation prayer was offered by Miss Rosaline Escore. This was followed by the congregational singing of "Faith of our Fathers," and scripture by Miss Bessie Campbell. A collection was then taken and Miss Hopper and Miss Berrman sang a duet. A twenty minute talk by Prof. T. W. Callihan whose topic was "Shoulder Arms," was greatly enjoyed.

C. H. Story reported for the committee that was appointed last spring to cooperate with the state's attorney. The meeting closed with the singing of "I Am a Soldier of the Cross," and benediction was pronounced by Rev. W. R. Leslie.

A VISITOR FROM FLORIDA.
S. D. Lindsey of Orlando, Florida,
is in the city renewing some of the
many friendships and acquaintances
he had while a resident so long of
this city. He has done quite a
quantity of contracting in his south-
ern home and has some photographs
of very imposing structures he has
built. He says concrete is largely
coming to the front and is being
made so firm and solid that it is
largely replacing stone of the
hardest kind and is made so as to
imitate in appearance various kinds
of stone. He has some pictures of
houses he has erected of that ma-
terial and they are strong and dur-
able and quite imposing. He expects
to return to the south before very
long. He says Orlando has grown
from an insignificant village to a
place of much pretension and is pro-
sperous and still increasing.

suit against T. E. Cockin for separa-

represented by Worthington, Reeve

were married in July 1902 and that
they lived together until a few
weeks ago. Mrs. Cockin alleges that
she left home and took her children
with her because of repeated and ex-
treme cruelty on the part of her
husband. There are five children in
the family varying in age from four
to fourteen years. Mrs. Cockin sets
forth that her husband has personal
property to the value of \$75,000
and that his yearly income is not less
than \$5,000.

FUNERALS

Burns.

Funeral services in memory of
Mrs. Louisa Burns were held at
Central Christian church Sunday
afternoon. There was a very large
gathering of people as Mrs. Burns'
friends were many. Thru the long
years of her invalidism she had
entered closely into the lives of a
large circle of people, especially
among the members of Central
Christian church and a great major-
ity of them were present to thus
have part in the final services for
their friend. Rev. M. L. Pontius
was in charge and took as his text
words from the last chapter of Re-
velations, "Blessed are the dead who
die in the Lord." As he paused to
make special mention of the beauty
of Mrs. Burns' life the minister
dwelt upon her unselfishness, her
loyalty and her kindness. These
three great characteristics stood out
bodily thru her long life and were
manifested in countless ways. The
minister said that the influence of
such a life could not be measured
by earthly standards, for that in-
fluence will live on thru the endless
years altho the mortal body has
been consigned to the grave.

During the services Mrs. H. C.
Woltman sang two solos very effec-
tively with Mrs. A. G. Burr, as ac-
companist. Mrs. Burr, who had
long been on terms of intimacy with
Mrs. Burns, came from Chicago
with Mr. Burr to be present at the
services. The floral offerings were
especially beautiful and were cared
for by Mrs. J. W. Hubble, Mrs. G.
C. Guthrie, Mrs. Rawlings, Mrs. D.
R. Browning, Mrs. A. G. Burr, Miss
Fannie Hulet, Miss Alice Green,
Miss Gertrude Atkins and Miss Fan-
nie Smith. Interment was in Dia-
mond Grove cemetery and the bear-
ers were A. C. Rice, Walter Rice,
William Moore, George W. Brady,
George Huaker and George H.
Harney.

MANY DEATHS ARE RECORDED IN COUNTY

Mrs. Elizabeth Mayfield was Long Time Resident—Mrs. Edward P. Holmes Succumbed After Year's Illness—The Mortuary Record.

Mrs. Elizabeth Mayfield, one of the oldest residents of the county died at the family home south of the Point Sunday afternoon at 2:45 o'clock. Deceased was born in Murray county, Tenn., the nearest town to her parents home being Columbia. When she was six years of age she came to this state with her parents and the family were among the pioneers of this section of the state. Her father farmed the land on which the city of Waverly now stands. He also owned considerable land in Macoupin and Greene counties, the land on which Blackburn university in Carlinville is now located being at one time owned by him. He also was a veteran of the Black Hawk war.

Mrs. Mayfield was brought up in the Primitive Baptist church, a sect that is now fast passing away. She never recognized any other faith and after her marriage not being near a church of this faith she has had no church affiliations.

She was united in marriage to Milton Mayfield in Scottville, Ill., and since her marriage has lived in this county, for many years being a resident of this city. She was the mother of six children, two of whom, Caesar and Brock together with her husband preceded her in death. Those surviving are Wellington and Goudy of Chicago and Sarah and Mary of this city.

During the first years of her married life Mrs. Mayfield cared for and gave a home to her husband's six brothers and one sister after their parents died. They lived with her until they were settled in life.

Both Mrs. Mayfield's father and mother and her husband's parents came from the south. Her father was born in North Carolina and her husband's father in Alabama. They possessed all of the characteristics of the south and were always termed as southerners in their northern home.

Miss Nancy Palmer was one of Miss Mayfield's first teachers and spent much time in the Mayfield home. She visited this teacher in Jacksonville when the place was a primitive village. Like many old people she delighted to talk of the early days and could recall many interesting events of the early history of the city and county.

Funeral services will be held from the residence Wednesday morning at 10 o'clock with burial in Diamond Grove cemetery.

This was as is usual followed by inability to talk and being deprived of both senses of hearing and speech she became a fit attendant at the state institute for the deaf and dumb and when she had attained the proper age for schooling she was placed in that institution where she was a pupil for several years.

She was united in marriage on Sept. 17, 1873, to Edward Payson Holmes, a deaf mute, who resided near Chicago with his parents, and

The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS, Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad coughs, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

MORE MEN ACCEPTED BY LOCAL BOARD

THIRTY SEVEN WERE FOUND PHYSICALLY FIT MONDAY

Expectation is for Early Receipt of Orders to Examine all Listed Men—Competent Force Made Work Move Smoothly—More Examinations Today.

Of the number of men examined at Armory Hall by the members of the Morgan County board Monday thirteen were discharged for physical disability and two were ordered to report for re-examination the sixth of this month. Thirty seven men passed the physical tests and were accepted for service. Of this number fifteen made no claim for exemption.

By Wednesday night all of the 180 men called for examination will have been passed upon by the local board or their cases will be held under consideration. This will make a total of 422 men examined. This will leave 1,964 men still to be examined by the board in Morgan county and it is probable that this large number will be examined at an early date as the following Washington dispatch printed in Monday's Chicago Tribune would indicate:

A large force of assistants to be employed by each local board throughout the country is now under consideration by the war department in view of contemplated examination of the remaining 7,000,000 draft eligibles to determine their liability for service with the colors.

Final decision to continue eligibility examinations until the whole list of registrants is exhausted has been announced by the department. This will entail upon each board the keeping of complete records of all the men passed upon to date, aside from the work of examining the remaining eligibles.

No appropriation covering this work has yet been made by congress, and appeal has been sent out to all state councils of defense to secure as far as possible the voluntary cooperation of individuals who are willing to assist in the work of manning the national army. An appropriation covering the work will undoubtedly be made by congress this coming session.

The following men were examined at Armory Hall Monday morning by the Morgan county exemption board:

NEWSPAPER MEN IN ANNUAL MEET

ASSOCIATED PRESS GOODFELLOWSHIP CLUB HERE SUNDAY

Sixty Members from Iowa and Illinois Present Associated Press Men from New York, Washington and Chicago Among Speakers.

"News is that which upon reading or hearing, one says, 'Is that so?'" This was the definition given by Jackson S. Elliott, superintendent of the eastern and southern division of the Associated Press and head of the Washington bureau in an address at the banquet of the Associated Press Goodfellowship club held in conjunction with the seventh annual session Sunday.

The meeting was one of the largest and most successful that has been held since the organization of the club. Over sixty members from Illinois and Iowa were present at the business meeting and the banquet. Walter H. De Shara who was designated as the father of the club by Milton Garges of Chicago was given credit for the success of the gathering and received many compliments for the entertainment provided. Mr. De Shara filled out the unexpired term of Archie Hale who was first president of the organization and was the elected and served the full term as its second president.

Officers Coshen
At the business session which was held in Woodmen hall Sunday morning, Robert Seigler of Chicago presided. Jacksonville was further honored in the election of officers when William Baptist of the Bloomington Pantagraph and a former resident of this city was elected president of the club and Walter H. De Shara was elected secretary. Other officers are:

Vice president—Earl Nolan, of Quincy.

Treasurer—N. I. Zeff, Decatur.
Directors—G. L. Salisbury, Chicago, representing the A. T. & T.; J. L. Pine, Jacksonville, representing the Western Union; J. H. Raymond, Springfield, representing the Central Union; R. L. Sisson, Decatur, representing the editorial department; T. Reidy, Quincy, representing the Associated Press operators.

Bloomington, Peoria and Decatur were placed in nomination as the city for holding the 1918 session. All the cities finally withdrew and Decatur was selected without opposition.

The banquet which was held at the Peacock Inn beginning at 12:30 o'clock occupied the remainder of the day. During the banquet which was an elaborate one and served in faultless style, artists from the College of Music of Illinois Woman's college gave a splendid program of vocal and instrumental numbers. Those taking part were Miss Rena Lazelle, soprano; Mr. Carl E. F. Jensen, piano, and Miss Edith Robinson, accompanist. The various selections were received with much enthusiasm by the visitors and every number was enjoyed.

Following the banquet was the speaking and this proved of much interest to those present and despite the time consumed the audience seemed loath to be dismissed. George W. Davis acted as toastmaster and introduced the various speakers.

John J. Reeve, city attorney and president of the Chamber of Commerce extended words of welcome. Mr. Reeve, after dwelling upon the great part Jacksonville and its people have taken in the history of the state told his hearers that the present war had made great changes in the order of things. Mr. Reeve said that new responsibilities were arising each day and that it behooved all to prepare to assume them. He paid a high compliment to the loyalty of the press and to the men who make newspapers. C. E. Brown of Chicago responded briefly to the address of welcome expressing the appreciation of the members of the Goodfellowship club for the royal entertainment offered.

Horace H. Bancroft, always a forceful speaker, was at his best on this occasion. Mr. Bancroft gave some early history of newspapers in this country. He referred especially to the publication of a paper in the east in 1621 which the editor called "Publick Occurrences." The speaker said that the paper was suppressed after one issue because it referred to military matters. This Mr. Bancroft said was similar to the censorship of the press in this time.

Newspaper Work in Washington.
Perhaps the most interesting address of the afternoon was that of Jackson S. Elliott who is in charge of the Washington bureau of the Associated Press. Mr. Elliott gave some inside history of the work of the organization at the National Capital. Among other things was the story of the "Zimmermann note" which was the first indication of German intrigue in this country. Mr. Elliott also told his hearers that one-fifth of the news of the world was being sent out of Washington at the present time. The speaker told that it involved great labor and care in selecting that which was news from the vast amount filed. The speaker said that he had been asked what is news. It was then that Mr. Elliott defined news as being that which a person upon reading or hearing asked, "Is that so?"

Mr. Elliott also told of President Wilson's attitude toward the newspaper men. Mr. Wilson, said the speaker, "holds himself aloof from the correspondents and all that comes from him comes thru one of the departments. Mr. Elliott was of the opinion that if Mr. Wilson would come in closer contact with the correspondents, as the former Presidents Roosevelt and Taft that he would be able to keep in closer touch with public opinion.

Kent Cooper who organized the traffic department of the Associated Press and is much beloved by all of the men, gave an interesting talk of this branch of the work and what it had accomplished in the way of efficiency for the service.

Milton Garges of Chicago who comes in close contact with the oper-

ators gave some information of the effort that the Associated Press has made to impress upon the operators that they were more than mere machines. He drew forth applause when he made the statement that the next pay checks of the operators would show an increase in salaries.

Other speakers were H. W. Blacklee, Chicago; J. H. Raymond, Springfield; Robert Seigler, Chicago; Walter H. De Shara, W. L. Fay and J. W. Walton.

The Chicago delegation, fourteen strong, came down in a special Pullman, arriving at 7:15 Sunday morning. Mr. Cooper and Mr. Elliott were with this party. All of the visitors left as soon as possible after the banquet as many of them had to return home to get out Monday morning editions.

Don't forget the play at Central Christian church tonight at 7:45 o'clock. Admission ten and fifteen cents.

DIKIS WILL TO BE TESTED IN COURT

Son of Deceased Waverly Man Declares He Was Not Competent To Make Will—Property Bequeathed to Grandson.

A suit to set aside the will of the late A. Dikis of Waverly has been filed in the office of Circuit Clerk Boston. The petitioner is Ira Alonzo Dikis, a son of the deceased, and the suit is directed against Amanda Dikis, Charles S. Dikis, James Dikis and A. C. Moffett as executor of the will. Bellatti, Bellatti & Moriarty and W. N. Hairgrove are attorneys for the complainant. It is set forth in the bill that Mr. Dikis signed a will April 25, 1914, and that he died August 5, 1916. In the following October the will was probated in the county court.

By the terms of this will A. C. Moffett was named as executor and he was directed to hold the property for the use of Amanda Dikis during her lifetime. The will directed that at her death all the property was to pass into the hands of the grandson of the testator, Charles Dikis. The testator in the will expressed his regard for his sons, James and Ira Alonzo, and said that he had left them nothing in the will because of gifts previously made. The complainant in the bill charges that at the time of the making of the will his father was in his dotage and that he was not competent to make the will. The document was witnessed on April 25, 1914, by A. W. Reagel and W. H. Rohrer.

PLUMBERS BOARD IS NAMED BY COUNCIL

Bernard Gause and Leslie Harvey to Act with Commissioner Martin—Officers' Reports Received.

Officers' reports and the naming of a board of plumbers in accordance with the recent ordinance were the principal matters transacted at the meeting of the city council Monday morning. There were no important reports from the departments but Mr. Vasconcellos mentioned some work in progress on West State street in making water connections, referred to some changes in water boxes necessary on streets in the business district and said that according to ordinance the city must pay the expense only to the curbing and that the rest of the expense belongs to property owners.

Mr. Cox reported on some clean up work in progress on a number of streets and said that on other streets under present conditions it was impossible to do any special work of this kind.

As members of the plumbers' board Commissioner Martin named Bernard Gause as master plumber and Leslie Harvey as the journeyman plumber. They were confirmed by unanimous vote of the council. These two men, with Mr. Martin as commissioner of public health and safety, will constitute the plumbers' examining board. All master and journeyman plumbers must hereafter be examined by this board and pay an annual license fee.

Officers' Reports

Under officers' reports Harry Summers, sexton of Diamond Grove cemetery, reported seventeen graves made in September.

Collections from the water department as reported by Supt. Cobb were as follows: Rent, \$2,970.08, meters sold, \$75; taps, \$48; junk, \$1; total, \$3,094.08.

The report of Charles B. Graff, city treasurer, showed a balance in the general fund Sept. 30 of \$3,555.01.

R. L. Pyatt, city clerk, reported collections as follows: From Diamond Grove cemetery, \$98.50; Jacksonville cemetery, \$114.50; from city clerk's office, \$786.97. This latter sum was unusually large this month because it included \$260 from the sale of a team which had been used in the street department, \$336 from the sale of fire horses and \$79 from sale of junk from the fire department.

Dr. Edward Duncan appeared before the council to make reference to proposed improvement in Clay avenue adjoining his residence. Mr. Price who owns the property adjoining the street on the east side has agreed with Dr. Duncan that paving work shall be done now without legal formalities. The brick from one of the old street pavements will be used for the foundation course and some other material for the top. J. E. Bretz will have the contract.

Dr. Bove who was present at the council session, complained that some of the stone dumped on West State street near Fayette street was of larger size than called for in the specifications. Engineer Henderson said that the stone had been put there by mistake and it was intended for the foundation work underneath the trolley on North Church street. This does not require as fine stone as is needed for asphalt.

LUTHERANS OBSERVE GREAT ANNIVERSARY

Large Audience Here to Join in Quadri-Centennial Celebration—Program Was Impressive.

Sunday was surely a red letter day in Jacksonville for those who love the faith of the Lutheran church as it was devoted to the quadri-centennial celebration of the time when the 95 theses were nailed to the door of the church at Wittenberg. The occasion was the joint celebration of the Lutheran churches in Jacksonville, Beardsville, Arendville, Chapin, Lydda, Neelyville, New Berlin, Pleasant Plains and Chandlerville. From Beardsville and Arendville a special train was run and a large delegation of several hundred was present. Others came from all about the land on trains, by private conveyance and automobiles.

The gymnasium at the David their use for the occasion and was the use of the occasion and was profusely decorated with U. S. flags and other articles of beauty and presented a fine appearance. Conspicuous over the stage hung a large portrait of Martin Luther, the Reformer, and great honor was paid his memory.

The morning program was in German and consisted of special musical numbers and hymns especially dear to the Lutheran heart, "We all believe in One God," "A Mighty Fortress is our God," "Hallelujah, Praise Glory and Honor." In addition to numbers by the choir and orchestra and a solo admirably rendered by Mrs. R. L. Stice. The sermon was by pastor, W. H. Dierker of Beardsville, reported especially strong effort and much appreciated by his hearers. His text was Rom. 16:24-27 and Psalm 126:1.

In the afternoon the exercises were in English and were heard and enjoyed by an audience that filled every part of the large apartment. The Bart Johnson orchestra supplied the first number after which Rev. J. G. Kuppler, who presided at all meetings, gave the opening words. Following this was hymn "Fear not O Little Flock, the Lord." Other musical numbers were "God is Our Refuge and Strength" by the choir of the Beardsville Lutheran church; "To Deum in G," by the choir of the Jacksonville Lutheran church; solo, "Sound the Loud Timble," Mrs. R. L. Stice and two hymns, "A Mighty Fortress is Our God," and "My Church, My Church, My Dear Old Church," the doxology and orchestra postlude.

The sermon by Rev. Louis J. Slick of St. Louis was a fine effort, eloquent and uplifting. His text was "The Lord hath done great things for us, whereof we are glad."

Among the ministers present there were Rev. and Mrs. Edwin G. Gross of Pleasant Plains, Rev. and Mrs. H. Wittrock of New Berlin, Rev. and Mrs. H. E. Tonn of Arendville and Mrs. H. W. Kristmeyer, sister of Mrs. Kuppler of this city. The Jacksonville congregation entertained the visiting pastors and their wives and the choir at dinner at the Dunlap House and all others had picnic dinner.

In addition to the Johnson orchestra Miss Fannie Mutchman was choir accompanist, Ernest Magdanz of Beardsville and M. H. Bruening were choir leaders.

Rev. J. G. Kuppler was general manager of the whole affair and was ably assisted in decorations and meeting guests at the trains and other duties by Wm. Batz, Wm. Loken, Philip Schulz, Jr., Ernest Peckloeffel, Otto Muelhausen, Wm. and Herman Brune, John Dwyer, Chris Walker, Orville Zimmer, Ernest Magdanz and Erick Kuppler.

PICNIC AT DUNLAP SPRINGS

Sunday a merry party spent the day at Dunlap Springs taking along provisions in the rough and cooking dinner and supper on the ground. Among the articles taken were ten dressed chickens and other goods in proportion and all had a jolly time returning to the city in the evening. The members of the party were Misses Barbara Gebert, Catherine Walsh, Fanny and Frances Gorman, Marie Kexroat, Mary Sullivan, Mary Sloan, Agnes Keating, all of Jacksonville; Nellie Corrigan and Edith Standish of New Berlin; Messrs. Frank Clancy John Fogarty, Ed. Cox and wife, Frank Sloan, Wm. Shields, James Sullivan, Warner Bergschneider, Eldon Gruber, Joseph Doyle and Frank Ferry of Jacksonville.

FOUR FLOCKS OF GESE.

John L. German of the vicinity of Lynnville was in the city yesterday and said the corn in his vicinity needs plenty of dry weather and light frost yet. He is crying for corn cutters almost as earnestly as Richard III shouted for a horse.

He said Sunday morning he saw four of the largest flocks of wild geese he ever saw in his life. They were scattered along for an hour and he is certain there were five hundred in each and they didn't fly more than sixty feet from the ground. They were flying south.

SUPREME COURT TO PASS ON ANTI-TRUST CASES

Dates not Yet Fixed for Hearing of Arguments—Cases Growing out of Enforcement of Draft Law Will Probably be Among First Disposed of.

Washington, Oct. 1.—Five big anti-trust cases involving the dissolution of the United States Steel Corporation, the International Harvester Company, the United Shoe Machinery Company and the Lehigh Valley Railroad and the Reading Company, and affiliated coal companies, the so-called anthracite coal trust cases, together with proceedings from four states to test the constitutionality of the draft law, are before the United States Supreme Court, which reconvened today following the annual summer recess.

The opening today was purely perfunctory, adjournment being taken almost immediately in order to permit Chief Justice White and his associates to pay their customary call on President Wilson. The hearing of arguments on the pending cases will begin tomorrow but court officials do not anticipate any decisions being handed down for several weeks.

Early Decisions are Asked.
Among the first cases disposed of, it is expected, will be those growing out of the enforcement of the draft law. If these were permitted to come up in their regular order they would not be reached for eighteen months, but Attorney General Gregory plans to ask that they be advanced for early decision. While government officials, and especially those connected with the War Department, feel there is no question about the validity of the law, a decision by the highest court would do much to discourage contrary sentiment manifested in various sections of the country.

Appeals from the decision of Judge Speer in Georgia, who upheld the constitutionality of the law and cases from Minnesota, Ohio and New York, which include those of Emma Goldman and Alexander Berkman, convicted of attempting to oppose the carrying into effect of the law by urging men within the draft age not to register, have been filed. All are expected to be decided at the same time.

Dates have not been fixed for the hearing of arguments in the anti-trust suits. These cases were argued last term. Rumors that owing to the war, action on them would be delayed until after peace was declared were met by Chief Justice White ordering them re-argued at this session. The cases stand near the top of the docket and unless delays occur, court officials expect the Harvester and the anthracite trust cases to come up for consideration this month and the others shortly afterwards. This will be the second time the steel and the shoe machinery cases have been argued and the third time for the Harvester and the anthracite suits.

Claim Decree not Justified.
The Harvester case was appealed to the Supreme Court from the Minnesota federal court, which in 1914, ordered the dissolution of the company and its subsidiary organizations combining \$224,000,000 assets, as being in violation of the Sherman law. The government maintains that the mere combining of competitive traders, voluntary or otherwise into a "preponderant or dominant position" in an industry constitutes itself a violation of the anti-trust laws. The defendants claim that a dissolution decree is not justified on the grounds of mere size and power, contending furthermore that the so-called Harvester trust is a "good" combination.

The enormous size and power alleged to be exercised in suppressing competition are the principal reasons upon which the dissolution of the United States Steel Corporation is asked by the government. Suit was brought in the New Jersey federal district court in 1911 but was dismissed four years later by Judges Buffington, McPherson, Wooley and Hunt, who held that, although the corporation was formed for the purpose of illegally monopolizing and restraining trade, it has not been able alone to fix and maintain prices and is not an actual monopoly. The government at once appealed the case and it was argued in March, 1917.

The proceeding in the shoe machinery case was instituted in the Massachusetts federal district court in 1911, but was dismissed after voluminous testimony had been taken, the court sustaining the defendants on all grounds. This case also was argued before the Supreme Court in March, 1917, and later was ordered re-argued this term. The United Shoe Machinery Company was organized in 1899, with a capital stock of \$25,000,000. The government alleges that this concern has monopolized the shoe machinery field and upon the decision in this case rests the future of the American shoe industry.

Suits Against Railroads.
Violation of the anti-trust law by restraining trade and violation of the commodities clause by transporting coal in which they were interested was charged by the government in the suits against the Lehigh Valley railroad company and the Reading company, a holding company, owning the Reading railroad, the Central Railroad of New Jersey, together with coal company stocks. The New York district court overthrew the government's contentions and dismissed the Lehigh case. In the Reading case, the lower court charged all of the government's charges except to direct the separation of the Central Railroad of New Jersey from its subsidiary coal company, the Lehigh & Wilkes-Barre coal company. The court refused to order the separation of the latter railroad and the Reading company, however, as asked by the government.

The court this week will be asked to restrain the State of New Jersey

and the Passaic Valley Sewerage commissioners from constructing a sewer emptying into New York Bay. The proceedings were brought on behalf of the state of New York which alleges that the sewer would cause the pollution of the bay to the injury of the health of New York residents. The sewer is intended to gather the sewerage and trade wastes from over 103 square miles in the Passaic valley and the court's decision will indirectly effect thousands of residents of that district.

R. R. President Appeals Case.
Another important case which has been placed on a special docket to be taken up this week is one resulting from the Interstate Commerce Commission's efforts to compel President Milton H. Smith to answer questions regarding the Louisville & Nashville railroad's political activities and contributions. The case grew out of the Senate resolution introduced by Senator Lea of Tennessee providing for an investigation of that railroad. President Smith refused to answer questions, claiming the commission's powers were purely statutory and that it could not enter into an investigation of such matters. The commission appealed to the Supreme court for the District of Columbia for a writ of mandamus which was granted. The railroad president then appealed the case to this court.

The work of the Supreme court this year will be lightened some by a law passed by Congress last year which permits the court to determine whether it will allow appeals to be made. So far this year, about sixty applications to have cases reviewed have been received.

TAKE "CASCARETS" IF HEADACHY, BILIOUS, AND CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter, clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue, it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. —Adv.

The value of baking powder is based on its leavening strength. You can't judge it by the size of the can—or by the amount you get for your money. You must estimate it by the amount of baking powder used in each baking and the results you get.

CALUMET

is the greatest value ever offered in Baking Powder—it has greater raising "force"—it goes further than most of the other brands. You use only a rounded or heaping teaspoonful where others call for two teaspoonfuls or more.

But Baking Powder is not all you'll save when using Calumet. You save baking materials. Calumet never fails. The last level teaspoonful is as powerful as the first. Calumet is perfectly manufactured—keeps perfectly—and is moderate in price.

You save when you buy it—You save when you use it.

One trial will satisfy you of these facts—and demonstrate beyond doubt that "Calumet spells economy."

Your grocer sells it on a guarantee of money back if you are not pleased with results.

STOP DANDRUFF AND
BEAUTIFY YOUR HAIR

Hairsticks Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine hair cleanse." This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Dandierine from any druggist or toilet counter, and just try it.—Adv.

SEASON WITH DEFEAT

Lose Fast Game to New York by Score of 4 to 2—Williams and Faber on Mound for Chicago, Neither Showing Up Particularly Well.

New York, Oct. 1.—Chicago closed its American League season here today, losing to New York 4 to 2. Williams and Faber pitched for Chicago and neither showed up particularly well. Their support also was indifferent, a stop by E. Collins and a catch by Liebold on Baker being exceptions. The visitors ran wild on the bases.

WHY NOT EAT CHEESE?
Berne, Switzerland, Oct. 1.—The Swiss have long since learned that the people of the belligerent countries are not the only war sufferers. They are due to be further impressed with the fact today, which is the date fixed by the federal council for the introduction of the bread card system throughout the confederation. Hereafter the daily consumption of bread is to be limited to 250 grammes per person plus 500 grammes of flour monthly. Even biscuits and cakes will not be obtainable without bread cards.

WEEDING OUT SALOONS
IN NEW YORK STATE
New York, Oct. 1.—The beginning of the final quarter of the year today should be recorded as a red-letter day by the prohibition forces, since it finds the number of saloons decreased in New York State by many hundreds. Several causes have contributed to the decrease in the number of retail liquor establishments, but the most potent is the new law effective today which provides that in cities of the third class there shall not be more than one saloon to every five hundred population. In addition to the number of saloons automatically closed by this law a number of others are voluntarily going out of business on account of decreased consumption due to the high prices.

THE GREAT DIVIDE

The woman in the prime of life need not dread to meet the loss of her youth when growing elderly. While some charms diminish, others should replace them—charms of experience, cultivation, wisdom. The great physical changes met between the fortieth and fiftieth year are indeed serious, and are not always well borne. In the strain of modern life, few women are in condition to meet these changes without some apprehension of deranged health. But with the excellent help of Lydia E. Pinkham's Vegetable Compound, that old, trustworthy woman's medicine, a woman may confidently expect to enter later life as well and as robust as ever.—Adv.

LEMONS BRING OUT
THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

An attractive skin wins admiration. In social life and in business the girl or woman whose face and hands show evidence of constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and a spotless complexion.

At a cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.—Adv.

WORLD'S SERIES UMPIRES
HAVE HAD EXPERIENCE

Klem and Rigler Will Represent National League and Evans and O'Laughlin the American League—All Have Officiated Before.

The umpires appointed for the World Series of 1917 are William J. Klem and Charles Rigler, National League and Frank O'Laughlin and William G. Evans, American League. All of these have had considerable experience as arbiters of play in the World's Championship contests. This quartet worked together in 1912 when the Boston Red Sox defeated the Giants in the memorable eight game series and again in 1915, when the Boston Americans won four out of five games from the Philadelphia Nationals. Now for the third time they have been chosen to act together, calling balls and strikes; making decisions on the bases, and watching the foul lines, each in his turn as the series progresses.

Klem's first experience in the big baseball feature was in 1908 and since that time only two world's flags have been won, without his having been connected with the games in his official capacity. The exceptions were the battles of 1910 and last year. So that the coming series will be the eighth in which he will have taken an active part. O'Laughlin also will officiate for the fifth time in a world's championship struggle, when he steps out on the diamond at Chicago. In 1910 together with Connolly, O'Day and Sheridan, he umpired the series between the Athletics and Chicago Nationals. In 1913 he was appointed for the New York-Philadelphia series, while in 1912 and again in 1915 he and the other three umpires who are officiating this year worked together.

Evans has his initial experience as a World Series umpire in 1909, when he worked with Johnstone, Klem and O'Laughlin in the Pittsburgh-Detroit series. Then again in 1912 and 1915 he and his partners of this year made up the umpiring staff, which has been re-appointed for a third term. The assignments of umpires for World Series since 1908 follow:
1908—Klem, Connolly, Sheridan, O'Day.
1909—Johnstone, O'Laughlin, Evans, Klem.
1910—Connolly, O'Day, Rigler, Sheridan.
1911—Klem, Dineen, Connolly, Brennan.
1912—Klem, Evans, O'Laughlin, Rigler.
1913—Klem, Egan, Rigler, Connolly.
1914—Klem, Dineen, Byron, Hildebrand.
1915—Klem, O'Laughlin, Quigley, Dineen.
1916—Connolly, O'Day, Quigley.
1917—Klem, Rigler, O'Laughlin, Evans.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician
Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare. Get from any druggist 2 1/2 ounces of Pinex (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a full pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, be sure to ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute purity and prompt refund, if not refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!
"I should worry about those corns I just put some 'Gels-It' on." Corns used to pester the worst into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters.

"Gels-It" Puts Your Feet in Clover—It Ends Corns Quickly, and tape, trying to fix a corn so it wouldn't hurt. But now no more of the world "should worry" because the moment you put "Gels-It" on, it means that the corn is gone. There is nothing in the world like "Gels-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gels-It" will not get it. It never irritates the flesh, never makes you sore. Just two drops of "Gels-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gels-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store, J. A. Obermeyer & Son, and Coover & Shreve.—Adv.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

NO BEEF ON DINING CARS.
Chicago, Ill., Oct. 1.—Roast beef,
porterhouse steaks, filet mignon and
even plain hash—in fact, all cuts,
or dishes made from beef—will be
missing from the menus of the rail-
way dining cars tomorrow and in
every Tuesday thereafter during the
continuance of the war. Wheat bread
will not be available to patrons of the
dining cars, unless it is speci-
fically requested. The introduction
of the simple fare is due to a de-
cision of the American Association
of Dining Car Stewards, following
a request from Food Administrator
Hoover.

Jiffy-Jell

For Desserts and Salads

Real Fruit Flavors Sealed in Glass

Or add fruit, if you wish—chocolate, nuts, whipped cream, etc. Thus you can make fifty kinds of desserts. A single package costing 12½ cents—supplies the whole family.

No Scalded Flavors

Jiffy-Jell flavors cannot deteriorate, because they are sealed in glass.

They are not scalded in making Jiffy-Jell. You add the flavor when the jell has partly cooled. You do not get a cooked-fruit flavor, as with old-time products. You get no artificial flavors. All fruit flavors are made from fruit. You get flavors which are impossible when flavor is mixed with the gelatine. All fine flavors must be bottled to keep fresh.

You will be amazed when you know how much this means. And we make this offer so you may know at once.

The gelatine we use—Waukesha gelatine—is made by the owners of Jiffy-Jell. It is a very rare grade, which costs twice as much as the common. It is used in no other quick dessert.

Extra-Grade Desserts

This offer is made to introduce a new delight to thousands of additional homes.

It is an extra-grade quick gelatine dessert.

It is the only quick dessert made with Waukesha gelatine—a rare and costly grade.

It is the only dessert with true fruit flavors in sealed vials, so it tastes like fresh, ripe fruit.

It is the final creation of Otis E. Glidden, for 17 years the leading gelatine expert.

Real Fruit Creations

Each package of Jiffy-Jell contains a glass vial. In that glass vial is an essence of fruit juice, made from fresh, ripe fruit.

The flavor is highly concentrated. Half a ripe pineapple, for instance, is used in the flavor for one dessert.

So Jiffy-Jell desserts have a wealth of rich flavor. They taste like crushed-fruit dainties. You have never before tasted anything like them in a gelatine dessert.

Fifty Instant Delights

With Jiffy-Jell on hand, there are fifty kinds of dainties always at your command. Most of them are instantly prepared.

Simply add boiling water. Add nothing else but the vial of flavor, and you have a wonderful fruity dessert. Cool in these molds, when you get them, and you have numerous inviting forms.

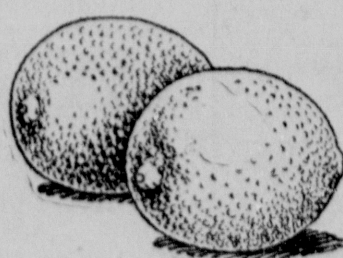

Salads and Garnishes

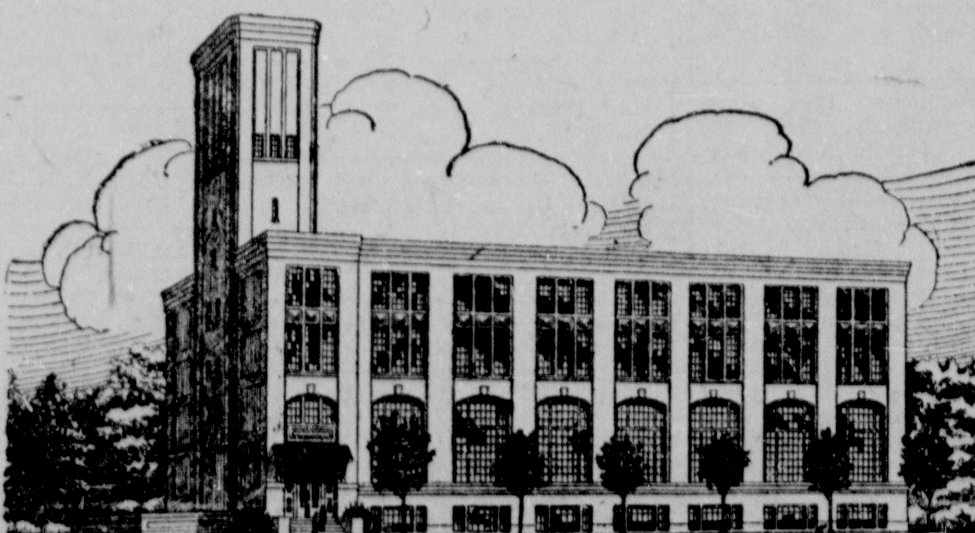

Then there is a mint flavor, made from fresh mint leaves. It gives to Jiffy-Jell a wealth of fresh mint flavor.

With it you can make an instant garnish jell for cold meats. Or you can make a mint sauce if you wish.

There is Lime Jiffy-Jell, with flavor made from lime fruit. It makes a salad jell, tart, zestful, green. Serve it with your salad. Mix it in. Or mix the salad articles into the jell before cooling. It doubles the volume of a salad, and doubles its delights.

The Jiffy-Jell factory is the finest food plant in America. It is built amid the Waukesha springs. There Jiffy-Jell is made under ideal conditions. And under the personal direction of Otis E. Glidden, the famous gelatine expert.
